#### SUPPLEMENTAL PROGRAMME MEMORANDUM DATED 9 JUNE 2023 TO THE PROGRAMME MEMORANDUM DATED 3 OCTOBER 2022

#### **ASTER TREASURY PLC**

(incorporated in England with limited liability under the Companies Act 2006, registered number 8749672)

#### £1,000,000,000 Guaranteed Secured Euro Medium Term Note Programme

#### unconditionally and irrevocably guaranteed by

#### **ASTER GROUP LIMITED**

(incorporated in England with limited liability under the Co-operative and Community Benefit Societies Act 2014 with registered number 29573R and registered with the Regulator of Social Housing under the Housing and Regeneration Act 2008, as amended by the Localism Act 2011, with number L4393)

This supplemental programme memorandum (this "**Supplemental Programme Memorandum**") is supplemental to the programme memorandum dated 3 October 2022 (the "**Programme Memorandum**") which comprises admission particulars for the purposes of the ISM Rulebook and is prepared in connection with the £1,000,000,000 Guaranteed Secured Euro Medium Term Note Programme (the "**Programme**") established by Aster Treasury plc (the "**Issuer**") under which the Issuer may from time to time issue notes (the "**Notes**") denominated in Sterling. Terms defined in the Programme Memorandum have the same meaning when used in this Supplemental Programme Memorandum.

This Supplemental Programme Memorandum is supplemental to, forms part of and should be read in conjunction with, the Programme Memorandum and any other supplements to the Programme Memorandum issued by the Issuer.

Each of the Issuer and Aster Group Limited ("**AGL**") accepts responsibility for the information contained in this Supplemental Programme Memorandum. Having taken all reasonable care to ensure that such is the case, the information contained in this Supplemental Programme Memorandum is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

Each Existing Borrower (other than AGL) accepts responsibility for the information contained in this Supplemental Programme Memorandum relating to it including, but without limitation, the information in the sections entitled "*Risk Factors*" and "*Description of the funding and regulatory environment applicable to the Group*". Having taken all reasonable care to ensure that such is the case, the information contained in this Supplemental Programme Memorandum is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

Jones Lang LaSalle Limited (the "Valuer") accepts responsibility for the information contained in the section "Valuation Report" in, and the Schedule (Valuation Report) to, this Supplemental Programme Memorandum. Having taken all reasonable care to ensure that such is the case, the information contained in the section "Valuation Report" in, and the Schedule (Valuation Report) to, this Supplemental Programme Memorandum is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Certain figures referred to in the table in the section headed "*Description of the funding and regulatory environment applicable to the Group*" below were obtained from the Office for National Statistics and HM Land Registry. Each of the Issuer and AGL confirms that such figures have been accurately reproduced and that, as far as each of the Issuer and AGL is aware and is able to ascertain from information published by the Office for National Statistics and HM Land Registry, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

The figures referred to in Appendix 3 (*Market Commentary*) to the Valuation Report prepared by the Valuer were obtained from the Buildings Societies Association, the Department for Levelling Up, Housing & Communities, HM Land Registry, HMRC, Homelet, the National House-Building Council, Nationwide, the Office for National Statistics, Rightmove, the Royal Institution of Chartered Surveyors and The Bank of England. Each of the Issuer and AGL confirms that such figures have been accurately reproduced and that, as far as each of the Issuer and AGL is aware and is able to ascertain from information published by the Buildings Societies Association, the Department for Levelling Up, Housing & Communities, HM Land Registry, HMRC, Homelet, the National House-Building Council, Nationwide, the Office for National Statistics, Rightmove, the Royal Institution of Chartered Surveyors and The Bank of England, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

#### PURPOSE OF THE SUPPLEMENTAL PROGRAMME MEMORANDUM

The purpose of this Supplemental Programme Memorandum is (a) to incorporate by reference AGL's unaudited consolidated trading updates for the six month period ended 30 September 2022 and the twelve month period ended 31 March 2023, (b) to supplement and amend the section of the Programme Memorandum entitled "*Risk Factors*", (c) to update the weblink for viewing public reporting in relation to any Sustainability Notes in the section of the Programme Memorandum entitled "*Use of Proceeds and Sustainability Notes*", (d) to supplement and amend the section of the Programme Memorandum entitled "*Description of the funding and regulatory environment applicable to the Group*", (e) to replace the Valuation Report set out on pages 183 to 281 of the Programme Memorandum with the valuation report set out in the Schedule (*Valuation Report*) to this Supplemental Programme Memorandum and to make certain other amendments to the section "*Valuation Report*" in the Programme Memorandum and (f) to update the "*Significant or Material Change*" statement set out in the section "*General Information*" of the Programme Memorandum. With effect from the date of this Supplemental Programme Memorandum the information appearing in the Programme Memorandum shall be amended and supplemented by the inclusion of the information set out herein.

#### DOCUMENTS INCORPORATED BY REFERENCE

AGL has published the following:

- (a) its unaudited consolidated trading update for the six months ended 30 September 2022 (the "September 2022 Trading Update"); and
- (b) its unaudited consolidated trading update for the twelve months ended 31 March 2023 (the "March 2023 Trading Update" and, together with the September 2022 Trading Update, the "Trading Updates" and each a "Trading Update").

By virtue of this Supplemental Programme Memorandum, the Trading Updates are incorporated in, and form part of, the Programme Memorandum and the Programme Memorandum shall be read and construed accordingly.

Copies of the Trading Updates can be obtained from the registered office of the Issuer and from the specified office of the Principal Paying Agent for time being in London and will be available for viewing on the website of the Regulatory News Service operated by the London Stock Exchange at http://www.londonstockexchange.com/exchange/news/market-news/market-news-home.html and on and on the Group's website at, in respect of the September 2022 Trading Update, https://asterwebsite.blob.core.windows.net/asterwebsite/about us/reports/Aster-Trading-update-September-22.pdf and, 2023 in respect of the March Trading Update, https://asterwebsite.blob.core.windows.net/asterwebsite/about us/reports/Aster-Trading-Update-March-23.pdf.

Any documents themselves incorporated by reference in each Trading Update shall not form part of this Supplemental Programme Memorandum.

### **RISK FACTORS**

On pages 32 to 33 of the Programme Memorandum the risk factor headed "*ii*) *Risks related to Social Housing Rents*" shall be deleted and replaced with the following:

#### "ii) Risks related to Social Housing Rents

# See "Description of the funding and regulatory environment applicable to the Group – Social Housing Rents" below.

Until 2025, social housing rents may be increased by up to the level of increase of the Consumer Price Index ("**CPI**"), which refers back to the figure published in the October (for the year to September) of the preceding year, plus 1 per cent. thus giving the Borrowers certainty over future income streams, subject to any future UK Government rent policy changes. UK Government rent policy beyond 2025 is not yet known, but the Borrowers will apply future rent increases, or decreases, in accordance with the UK Government rent regimes (if any) in place at the time. However, the UK Government has adjusted this policy in order to protect social housing tenants from very large nominal terms rent increases for the 12 months from 1 April to 31 March 2024. During this period, rent increases are to be limited to a 7 per cent. "ceiling", which means that (subject to certain limited exceptions), for the year ending 31 March 2024, Registered Providers of Social Housing (including the Borrowers) may only increase rents by up to 7 per cent. (the "**Rent Cap**").

The Borrowers have applied the Rent Cap and do not believe this materially affects the operation of their businesses. Notwithstanding this, no certainty can be given as to what level of any rent increase there may be in the future. A reduction in rental income could, if material, adversely affect the ability of the Borrowers to make payments, including their ability to meet their respective payment obligations under a Series Loan relating to the Series Loan Agreement in respect of the corresponding Series of Notes. In turn, this could affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes. Similarly, any such reduction in rental income, if material, may also adversely affect the ability of each Borrower (other than AGL) to make its payments under the Intragroup Agreement and, in turn, the ability of the Guarantor to meet its payment obligations under the Guarantee."

On page 36 of the Programme Memorandum the risk factor "*i*) *Risks relating to the relationship of the United Kingdom with the European Union*" shall be deleted and replaced with the following:

#### "i) Risks relating to the relationship of the United Kingdom with the European Union

On 31 January 2020, the UK ceased to be a member of the European Union (the "**EU**") following its decision to withdraw from the EU. The UK Government negotiated the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, which was given effect in domestic UK law by virtue of the European Union (Withdrawal Agreement) Act 2020. This provided the framework for the UK to leave the EU on 31 December 2020 (the "**Withdrawal**"). To govern the ongoing trade relationship between the UK and the EU, the UK and the EU have negotiated (among other things) the Trade and Co-operation Agreement between the European Union, the European Atomic Energy Community and the United Kingdom of Great Britain and Northern Ireland (the "**Trade Agreement**"), which has been given effect in domestic law by virtue of the European Union (Future Relationship) Act 2020. This has been supplemented by the Protocol on Ireland/Northern Ireland (the "**Northern Ireland Protocol**"), which governs the customs and immigration issues between the UK and Ireland, and the proposed Windsor Framework (the "**Windsor Framework**"), which governs certain trade issues between Great Britain, Northern Ireland and Ireland.

The precise impact of the Withdrawal and the Trade Agreement, the Northern Ireland Protocol, the proposed implementation of the Windsor Framework and the UK's ongoing relationship with the EU on the business of the Issuer or the Borrowers is difficult to determine. As such, no assurance can be given that such matters would not adversely affect the ability of the Borrowers to satisfy their obligations under a Series Loan Agreement and, in turn the ability of the Issuer to satisfy its obligations under the corresponding Notes and/or the market value and/or the liquidity of the corresponding Notes in the secondary market. Similarly, no assurance can be given that such matters would not adversely affect

the ability of each Borrower (other than AGL) to make its payments under the Intragroup Agreement and, in turn, affect the ability of the Guarantor to meet its payment obligations under the Guarantee."

#### USE OF PROCEEDS AND SUSTAINABILITY NOTES

On page 111 of the Programme Memorandum, in the paragraph headed "*Sustainability Notes*" the weblink to view any public reporting shall be deleted and replaced with the following: "https://www.aster.co.uk/ESG-2021/downloads".

# DESCRIPTION OF THE FUNDING AND REGULATORY ENVIRONMENT APPLICABLE TO THE GROUP

On page 160 of the Programme Memorandum, the paragraph immediately under the heading "Group Properties" shall be deleted and replaced with the following paragraph:

"As at 31 March 2023, the Group's properties comprise 30,408 social housing properties (affordable rents, sheltered and supported housing tenures) and 3,768 low cost home ownership accommodation (as defined in section 70 of the Housing and Regeneration Act 2008) and 2,278 non-social housing and other properties (the "**Group's Properties**")."

On page 162 of the Programme Memorandum, the final paragraph under the heading "Social Housing *Rents*", the table and the footnotes to the table shall be deleted and replaced with the following:

"As at 31 March 2023, the average weekly social rent for each of the Group's Properties was between 45 per cent. and 60 per cent. lower than the corresponding average weekly market rent for a property in the same area. The table below illustrates this in the context of regional population growth and regional unemployment levels in the areas in which the Group's Properties are located:

Proportion of social rented stock	Area	Population mid 2021 estimates (growth from mid-2020) <sup>1</sup>	Average Dwelling Price (at February 2023 (annual growth %)) <sup>2</sup>	Average Weekly Social Rent (Aster End March 2023) <sup>3</sup>	Average Weekly Market Rent (End September 2022) <sup>4</sup>	Discount margin
27%	Dorset	381,292 (0.45%)	£365,497 (5.42%)	£104	£209	50%
22%	Hampshire	1,406,199 (0.30%)	£385,338 (6.17%)	£111	£232	52%
21%	Wiltshire	513,411 (0.38%)	£344,156 (6.93%)	£110	£208	47%
14%	Somerset	573,119 (0.26%)	£304,734 (6.72%)	£100	£181	45%
5%	Devon	814,440 (0.27%)	£340,935 (6.98%)	£96	£190	49%
1%	Cornwall	572,010 (0.29%)	£314,453 (4.64%)	£94	£186	50%
6%	Greater London	8,769,628 (-0.04%)	£523,325 (1.50%)	£154	£385	60%
4%	Other	n/a	n/a	n/a	n/a	n/a
	South West	5,712,840 (0.17%)	£326,035 (5.40%)	n/a	n/a	n/a
	England	56,536,419 (0.08%)	£304,193 (4.12%)	n/a	n/a	n/a

- <sup>1</sup> Information obtained from the Office for National Statistics, see: <u>https://www.ons.gov.uk/peoplepopulationandcommunity/populationandmigration/populationestimates/datasets/populatione</u>
- <sup>2</sup> Information obtained from HM Land Registry, see: <u>https://www.gov.uk/government/statistics/uk-house-price-index-for-march-2023/uk-house-price-index-england-march-2023</u> <u>https://www.gov.uk/government/statistics/uk-house-price-index-for-march-2023/uk-house-price-index-summary-march-2023</u>
- <sup>3</sup> Data of the Group, excluding EBHT
- Information obtained from the Office for National Statistics, see: <u>https://www.ons.gov.uk/peoplepopulationandcommunity/housing/datasets/privaterentalmarketsummarystatisticsinengland</u>

On page 164 of the Programme Memorandum, the paragraph beginning "As at 31 March 2022, no more than 10,358 tenants of the Group Properties (excluding Central and Cecil Properties) were in receipt of Universal Credit." shall be deleted and replaced with the following:

"As at 31 March 2023, no more than 11,872 tenants of the Group's Properties were in receipt of Universal Credit. The total current arrears balance as at 31 March 2023 for those tenants in receipt of Universal Credit, inclusive of alternative payment arrangements, was 3.18 per cent. of rental income from those tenants but 1.1 per cent. of the £211.9 million of turnover from social housing lettings in respect of the Group's Properties. The average number of days it takes to re-let the Existing Borrowers' social housing properties for the year ending 31 March 2023 was 21 days (all standard re-lets were 26.5 days)."

On pages 166 and 167 of the Programme Memorandum, the section headed "Housing development programme" shall be deleted and replaced with the following:

#### "Housing development programme

Housing for sale is developed by the Group through Aster Homes and Aster LD, which are whollyowned subsidiaries of AGL. The Existing Borrowers have made available loan facilities totalling £72 million to these entities. As at 31 March 2023, £28.8 million of these facilities were drawn by Aster Homes.

For the year ended 31 March 2023, turnover from non-social housing property sales amounted to £4.2 million and turnover from other income and cost of sales amounted to £60.4 million, being together 21.4 per cent. of the Group's £301.2 million of turnover. The Group's share of profit from joint ventures was £1.6 million for the year ended 31 March 2023.

The Group has historically developed housing for sale via joint ventures with housebuilders or contractors for smaller sites. As at 31 March 2023, 1,184 housing for sale and shared ownership units had been built.

The Group aims to deliver more than 10,000 homes over the next 7 years, investing £2.3 billion to achieve this. As part of this, 92 per cent. of the development programme is planned as affordable tenures delivered via both "section 106" opportunities and land-led development. As at 31 March 2023, 2,478 new affordable homes are contracted to be built via "section 106" opportunities and the Group has contracted a further 802 units to be developed via land-led schemes."

#### VALUATION REPORT

The Valuation Report set out on pages 183 to 281 of the Programme Memorandum shall be deleted and replaced by the valuation report set out in the Schedule (*Valuation Report*) to this Supplemental Programme Memorandum.

On page 181 of the Programme Memorandum the fourth sub-paragraph under the paragraph headed "*Numerical Apportionment Basis*" shall be deleted and replaced with the following:

"As at 9 June 2023, the Issuer confirms that no material changes have occurred to the valuations of the Charged Properties since 31 March 2023, being the effective date of valuation of the Charged Properties."

On page 181 of the Programme Memorandum the paragraph headed "*Summary of valuations*" shall be deleted and replaced with the following:

#### "Summary of valuations

A summary of the values of the Charged Properties in the total shared security pool set out in the Valuation Report is set out below\*:

"	Units	EUV-SH is appropriate	Units	MV-ST is appropriate	Total
	No.	£	No.	£	£
Aster	1,256	£135,380,000	2,723	£400,705,000	£536,085,000
Synergy	608	£71,290,000	1,238	£184,720,000	£256,010,000
Aster 3	163	£21,290,000	653	£90,950,000	£112,240,000
East Boro	72	£4,465,000	212	£18,130,000	£22,595,000
Total	2,099	£232,425,000	4,826	£694,505,000	£926,930,000

\* A further 176 units have been given a nil value."

On page 181 of the Programme Memorandum the number "7,125" in the paragraph headed "*Issuer's Apportioned Part*" shall be deleted and replaced with "7,101".

### GENERAL INFORMATION

On page 288 of the Programme Memorandum in the section "*General Information*" the paragraph under the heading "*Significant or Material Change*" shall be deleted and replaced with the following:

"There has been (a) no significant change in the financial or trading position of the Issuer, AGL, the other Existing Borrowers or the Group since 31 March 2023 and (b) no material adverse change in the prospects of the Issuer, AGL, the other Existing Borrowers or the Group since 31 March 2022."

To the extent that there is any inconsistency between (a) any statement in this Supplemental Programme Memorandum or any statement incorporated by reference into the Programme Memorandum by this Supplemental Programme Memorandum and (b) any other statement in or incorporated by reference in the Programme Memorandum, the statements in (a) above will prevail.

Save as disclosed in this Supplemental Programme Memorandum, there has been no other significant new factor, material mistake or material inaccuracy relating to information included in the Programme Memorandum since the publication of the Programme Memorandum.

# Executive Summary

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

### Introduction

The date of this Report is 09 June 2023.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 7,101 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. As at the date of this Report, the properties within the Portfolio are owned by Aster, Synergy, Aster 3 and East Boro (together the "Existing Chargors" and each an "Existing Chargor").

### **Properties**

The Portfolio comprises 6,925 social housing units located in the South East and South West of England.

The Portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this Report.

In addition there are 176 units in the Portfolio which form ancillary accommodation, have been sold on long leases or have been fully staircased. The Existing Chargors' interest in these units is considered to be de minimis for the purpose of this exercise and so these units have been included at nil value. Furthermore, please note that these units have not been included in any unit counts or other statistics in this Report.

In accordance with our instructions this valuation has been carried out on a desktop basis. We have previously inspected the portfolio. We inspected the properties that were charged to the Portfolio on 15 January 2021 between 9 and 20 November 2020, and we inspected the properties which were charged to the Portfolio on 3 October 2022 between 27 June 2022 and 1 July 2022.

### Valuations

The effective date of valuation is 31 March 2023 (the "Effective Date").

Our combined valuation of the 2,099 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

#### £232,420,000 (two hundred and thirty two million, four hundred and twenty thousand pounds)

Our combined valuation of the 4,826 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

### £694,510,000

### (six hundred and ninety four million, five hundred and ten thousand pounds)

The following tables summarise our opinions of value (section 6):

### **Freehold Properties**

Category	Unit Count	Basis of Value	EUV-SH	MV-T
General Needs Unrestricted	2,699	MV-T	£205,045,000	£381,175,000
General Needs Restricted	76	EUV-SH	£6,065,000	-
Affordable Rent Unrestricted	1,660	MV-T	£226,845,000	£266,975,000
Affordable Rent Restricted	131	EUV-SH	£18,335,000	-
Supported Unrestricted	2	MV-T	£160,000	£160,000
Sheltered Unrestricted	358	MV-T	£20,170,000	£31,840,000
Sheltered Restricted	67	EUV-SH	£4,060,000	-
Sheltered Affordable Unrestricted	9	MV-T	£820,000	£1,740,000
Temporary Unrestricted	25	MV-T	£3,210,000	£3,640,000
Agency Managed	7	MV-T	£310,000	£310,000
Shared Ownership	1,677	EUV-SH	£191,950,000	-
Total	6,711		£676,970,000	£685,840,000

### **Leasehold Properties**

Category	Unit Count	Basis of Value	EUV-SH	MV-T
General Needs Unrestricted	6	MV-T	£450,000	£650,000
General Needs Restricted	11	EUV-SH	£795,000	-
Affordable Rent Unrestricted	60	MV-T	£6,790,000	£8,020,000
Affordable Rent Restricted	34	EUV-SH	£3,515,000	-
Shared Ownership	103	EUV-SH	£7,700,000	-
Total	214		£19,250,000	£8,670,000

# **Portfolio Analysis**

### Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of social housing ("RPs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;

- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the Portfolio's location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales; and
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations.

There is excess demand for affordable housing properties across the localities within the Portfolio as summarised by the following data.

Households on local authority waiting lists:

Region	Waiting list
South East	150,000
South West	108,000

Based on current levels of affordable housing supply (new build) across the localities within the Portfolio, the following table summarises the number of households on the waiting list for every new property being built:

Region	No. of Households
South East	28
South West	26

### Weaknesses:

- the age of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

### **Opportunities:**

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole; and
- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

### **Threats:**

 the current cost of living crisis could result in changes in government policy or further interventions, such as the introduction of a rent freeze, a further period of rent cuts or changing the Rent Regime;

- as a result of the Hackitt Review and other influences, the social housing sector is undertaking extensive investigations and works around fire and building safety, and the required scope of such works might change over time; and
- current high levels of global inflation could have a prolonged effect on the cost of materials and labour required to carry out any repairs and maintenance work on existing stock.

# **Suitability of Security**

Your instructions require us to comment on whether the properties we have valued provide adequate security for the underlying security in respect of the Notes issued under the Programme.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this Portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the Portfolio.

Based on our previous inspections, we are satisfied that the Portfolio of properties we inspected are being maintained to an acceptable social housing standard, in line with regulatory requirements of the Regulator of Social Housing and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property within the Portfolio has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our Report none of the properties in the Portfolio are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties in the Portfolio conform to the Fire Precaution Regulations and any other statutory requirements.

Our inspections are for valuation purposes only and carried out on an external basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this Portfolio is suitable for security purposes.

# Stock

Property Type	General Needs	Affordable Rent	Sheltered & Supported	Temporary	Shared Ownership	Total
Room	-	-	30	-	-	30
Studio flat	18	-	73	-	-	91
1 bed flat	597	409	231	6	88	1,331
2 bed flat	459	285	18	9	176	947
3 bed flat	18	1	1	-	-	20
1 bed house	6	32	-	-	4	42
2 bed house	494	564	1	1	802	1,862
3 bed house	798	455	1	7	674	1,935
4 bed house	137	108	-	-	35	280
5 bed house	6	-	-	-	-	6
1 bed bungalow	117	16	38	2	-	173
2 bed bungalow	136	15	50	-	1	202
3 bed bungalow	6	-	-	-	-	6
Total	2,792	1,885	443	25	1,780	6,925

The stock is summarised by count of unit type for each business stream as follows:

# **EUV-SH Assumptions: Rented Properties**

The following table provides a summary of the assumptions made in our rented EUV-SH valuations:

Assumption	EUV-SH
Rental income growth - (Year 1)	1.0%
Bad debts and voids (Year 1)	2.5% - 4.0%
Management costs (average per unit)	£677
Management cost growth inflator	0.50%
Total repairs costs (Year 1)	£1,665 - £1,925
Repair cost growth inflator	1.00%
Discount rate (income)	5.50% - 6.25%

# **MV-T Assumptions: Rented Properties**

Assumption	MV-T
Rental income growth - houses (Year 1)	14.0% - 22.6%
Rental income growth - flats (Year 1)	11.1% - 18.4%
Sales rate (houses)	3.0% - 20.0%
Sales rate (flats)	3.0% - 15.0%
Bad debts and voids (Year 1)	8.0%
Management costs	10.0%
Total repairs costs (Year 1)	£3,325 - £3,875
Repair cost growth inflator	1.00%
Discount rate (income)	7.50% - 7.75%
Discount rate (sales)	7.50% - 8.25%

The following table provides a summary of the assumptions made in our rented MV-T valuations:

# **Assumptions: Shared Ownership**

The following table provides a summary of the assumptions made in our shared ownership valuations:

Assumption	EUV-SH
Discount rate (income)	4.25%
Discount rate (sales)	7.00%
Management Costs	4.0% of Gross Income
Sales rate (yrs. 0-2)	35 tranche sales p.a.
Sales rate (yrs. 3-10)	65 tranche sales p.a.
Sales rate (yrs. 11-39)	45 tranche sales p.a.
Sales rate (yrs. 40-50)	30 tranche sales p.a.
Rental growth (all years)	0.50%

This summary should be read in conjunction with the remainder of this Report and must not be relied upon in isolation.

# 1 Introduction

# 1.1 Background

Jones Lang LaSalle Limited ("JLL") has been instructed to prepare a valuation of the portfolio of 7,101 properties (the "Portfolio"). As at the date of this Report, the properties are owned by Aster, Synergy, Aster 3 and East Boro (together the "Existing Chargors" and each an "Existing Chargor").

This valuation is required to assess the level of security for each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

# 1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This Report has been prepared by Fiona Hollingworth MRICS (Valuer Number: #0099707), a Director in the Affordable Housing team of JLL and countersigned by Richard Petty FRICS (Valuer Number: #0089005), Head of Affordable Housing and a Director of JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

The effective date of the valuation of each property within the portfolio is 31 March 2023 (the "Effective Date").

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare these valuations with any values appearing in each Existing Chargor's accounts. This Report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties in the Portfolio were enforced at the Effective Date. We understand that values given in each Existing Chargor's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost each Existing Chargor. This is an entirely different basis of valuation from that used for loan security purposes.

These valuations qualify as Regulated Purpose Valuations ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Issuer, the Existing Chargor or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Issuer is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2022) and that we do not anticipate this situation changing in the foreseeable future.

### 1.3 Instructions

Our Report is prepared in accordance with the Issuer's formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

### 1.4 Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility within JLL is considered no later than the end of 2028.

### 1.5 Certificates of Title

We have previously reviewed the final Certificate of Title for the Portfolio issued by Trowers and Hamlins LLP and dated 2 September 2019 (and the accompanying reliance and top up letters dated 15 January 2021), 15 January 2021 and 3 October 2022) ("the Certificates") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificates such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificates but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

From our review of the Certificates, the following units are subject to restrictions that would be binding on a mortgagee and therefore we have valued them on the basis of EUV-SH only:

- 1-8 Alliss Close, Ferndown, BH22 8FT;
- 8-14 Wayfarer Close, Weston-super-Mare, BS24 8BL;
- 6-28 Piper Cross, Weston-super-Mare, BS24 8BX;
- 12, 13, 18 & 27 Dragonfly Walk, Weston-super-Mare, BS24 8DH;
- 14-22 Nimbus Road, Weston-super-Mare, BS24 8DJ;
- 1-93 Broom Park, Okehampton, EX20 1FT;
- 45-55 Stock Park, Okehampton, EX20 1GB;
- 114-122 Crediton Road, Okehampton, EX20 1NY;
- 47-63 Marjoram Avenue, Cranleigh, GU6 8GS;
- 1-4 Betony Close, Cranleigh, GU6 8GW;

- 12-51 Hayward Bridge Road, Oxford, OX40 7BB;
- 7-14 Pras Gwartha, Liskeard, PL14 4FQ;
- 1-17 Penny Farthing Close, Hungerford, RG17 0GX;
- 1-25 Ashdown Court, Padworth, RG7 5FG;
- 345-349 Wimpson Lane, Southampton, SO16 4PW;
- 1A-F Maybush Road, Southampton, SO16 9ET;
- 1-21 Saddle Way, Andover, SP11 6XP;
- 44-58 Oatway Road, Tidworth, SP9 7FP;
- 4-12 Franklin Close, Tidworth, SP9 7FQ;
- 38-46 Jones Lane, Tidworth, SP9 7FR;
- 39-59 Pickernell Road, Tidworth, SP9 7FU;
- 1-27 Colling Lane, SP9 7FY;
- 12-22 Heron Way; Newton Abbot, TQ12 3QY;
- 1-37 Skylark Close, Newton Abbot, TQ12 3RF;
- 30-36 Woodpecker Drive, Newton Abbot, TQ12 3RQ;
- Spillers House, Dorset, SP7 8EP;
- Butts Mead House,
- 1-23 Fullers Close, Easington, GL10 3WF;
- 2-9 Abbascombe, Worth Matravers, BH19 3BP;
- 25 and Flats 1-5, 27 The Poppies, Wool, BH20 6HT;
- 1-6 Sussex Court, DT1 1WZ;
- Rooms 1-8 Lulworth House, DT4 0AL;
- Radcliffe House, DT4 0BJ;
- Flats 1-5, 87 Dorchester Road, DT4 7JY; and
- 19 George Place, Plymouth, PL1 3FJ.

For the avoidance of doubt, we have valued the remainder of the Portfolio, except those units mentioned above and marked as shared ownership, on the basis of MV-T.

We have also made a number of deductions from the value of the following properties to reflect outstanding financial payments arising for s106 agreements:

30.32 and 34 Narrow Leaf Drive, Ringwood, BH24 3FS;

21-25 Yarrow Lane, Ringwood, BH24 3FP; and

Coaker Road, Elliott Gardens and Bridgeman Place, Exeter EX1.

Additionally there is an overage payment that needs to be taken into account at 35 and 35 Lennox Street, Weymouth, DT4 7HD, and we have therefore valued these 2 units at 60% of MV-T.

These deductions are detailed in the schedule at Appendix 1 to this Report.

### **1.6** The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

### 1.7 Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

## 1.8 Market Conditions

As at the date of valuation and at the time this Report was drafted, there are several negative factors recognised as influencing real estate markets, exerting downward pressure on asset values and reducing liquidity. These include:

### **Global Economy**

The wider global economy continues to face challenges that cumulatively contribute to cost inflation, interest rate changes and consumer confidence thereby resulting in a more volatile transactional market. Issues in the banking and financial services sectors may prove to exacerbate an already volatile situation.

### **Market activity**

Real estate markets can mostly be described as functioning but there is reduced transaction activity and the sentiment of buyers and sellers across some markets has been impacted. These factors have led to softer pricing across all sectors. There is a general perception and expectation of continued changes, and there is a risk that continued volatility, coupled with changes in debt costs, will have a direct impact on pricing as yields continue to evolve. There remains evidence of wide bid spreads, price renegotiations and transactions taking a long time to complete, which all add to the market dynamics.

### Ukraine

The war in Ukraine is continuing and its wider long-term implications remain unknown. At the present time, certain locations within Europe are facing difficult investment market conditions as a direct result of the war.

This explanatory note has been included to ensure transparency and to provide further insight of the market context under which the valuation opinion was prepared. In recognition of the potential for market conditions to move rapidly, we highlight the critical importance of the valuation date and advise you to keep the valuation under regular and early review.

# 2 Methodology

# 2.1 Valuation Model

We have undertaken our valuation of the Portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

Against the income receivable for each Portfolio, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing (where applicable). We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

# 2.2 Information Provided

The principal source of background data for the Portfolio has been the rent roll for each property provided by the Existing Chargors. These detailed the number and type of units, the rent payable, tenancy type, and equity retained by each Existing Chargor (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the Portfolio is provided as Appendix 2.

## 2.3 Inspections

In accordance with our instructions this valuation has been carried out on a desktop basis. We have previously inspected the portfolio. We inspected the properties that were charged to the Portfolio on 15 January 2021 between 9 and 20 November 2020, and we inspected the properties which were charged to the Portfolio on 3 October 2022 between 27 June 2022 and 1 July 2022.

## 2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with the Existing Chargors' rents; and
- analysing data provided by the Existing Chargors.

# 3 General Commentary

Schedules summarising the following data for each property within the Portfolio form Appendix 1 of this Report:

- date of valuation
- address;
- unit type;
- title number; and
- tenure.

### 3.1 Locations

The properties within the Portfolio are located across the South East and South West as shown in the table below:

County	Units
Avon	114
Berkshire	169
Cornwall	296
Devon	766
Dorset	1,312
Gloucestershire	61
Hampshire	2,106
Oxfordshire	420
Somerset	770
Surrey	181
West Sussex	44
Wiltshire	686
Total	6,925

A location plan of the Portfolio is provided at Appendix 2.

# 3.2 Property Types

Property Type	General Needs	Affordable Rent	Sheltered & Supported	Temporary	Shared Ownership	Total
Room	-	-	30	-	-	30
Studio flat	18	-	73	-	-	91
1 bed flat	597	409	231	6	88	1,331
2 bed flat	459	285	18	9	176	947
3 bed flat	18	1	1	-	-	20
1 bed house	6	32	-	-	4	42
2 bed house	494	564	1	1	802	1,862
3 bed house	798	455	1	7	674	1,935
4 bed house	137	108	-	-	35	280
5 bed house	6	-	-	-	-	6
1 bed bungalow	117	16	38	2	-	173
2 bed bungalow	136	15	50	-	1	202
3 bed bungalow	6	-	-	-	-	6
Total	2,792	1,885	443	25	1,780	6,925

The following table summarises the unit types within the Portfolio.

# 3.3 Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties in this Portfolio are a mixture of ages as shown in the table below:

Age	House	Flat	Bungalow	Room	Total
Pre-1919	64	251	6	21	342
1920-1949	194	38	1	-	233
1950-1979	552	587	116	-	1,255
1980s	136	221	190	2	549
1990s	22	21	40	-	83
2000s	30	65	2	-	97
2010s	2,268	918	16	7	3,209
Post 2020	859	288	10	-	1,157
Total	4,125	2,389	381	30	6,925

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

### 3.4 Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "*Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021*" (the 'Guidance Note'), effective from 5 April 2021.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

We understand from our inspections and desktop research there are no blocks of six storeys or above in the Portfolio and a further 10 blocks under six storeys where we have queried the construction of the external wall system and whether potentially combustible cladding or timber balconies are present.

We understand that these blocks have all been recently reviewed by the Existing Chargors and Fire Risk Assessments been carried out where necessary. During these assessments, there were no remedial works required and no costs budgeted for any potential works. We have therefore not included any additional cost in our valuations.

## 3.5 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Existing Chargors. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

However, the Existing Chargors have confirmed the EPC rating applicable for 5,637 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
А	72
В	3,267
С	2,146
D	152
Unknown	1,288
Total	6,925

These ratings are included in the valuation schedule at Appendix 1.

### 3.6 Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0° Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climaterelated risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030.

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

# 4 Valuation Commentary – Rented Stock

# 4.1 Introduction

There are 5,145 rented properties in the Portfolio. These are summarised in the table below:

Category	Units	% of the Portfolio
Extra Care	7	0.01%
GN Affordable Rent	1,885	36.5%
GN Social Rent	2,792	54.5%
HOP Affordable Rent	9	0.2%
HOP self-contained	425	8.28%
Supported & shared amenities	2	0.01%
Temporary Accommodation	25	0.5%
Total	5,145	100%

## 4.2 Tenancies

All of the rented properties are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements.

## 4.3 Rental Income

The following table summarises the total income that the Existing Chargors receive from the Portfolio annually:

Category	Annual Income	Average Rent
Extra Care	£35,162	£96.60
GN Affordable Rent	£16,967,705	£173.10
GN Social Rent	£16,643,201	£114.64
HOP Affordable Rent	£62,516	£133.58
HOP self-contained	£2,277,693	£103.06
Supported & shared amenities	£13,532	£130.12
Temporary Accommodation	£233,329	£179.48
Total	£36,233,139	£135.43

The Statistical Data Return ("SDR") is an annual online survey completed by all private RPs of social housing in England. The latest return for 2021/22 provides the average social rents charged by all RPs for general needs and sheltered/supported properties. The following table compares the Existing Chargors' average rents with the average sector rents in the same localities:

Region	Average Sector Rent - General Needs	Existing Chargors General Needs	Average Sector Rent – Affordable Rent	Existing Chargors Affordable Rent	Average Sector Rent - Supported	Existing Chargors Sheltered & Supported
South East	£105.42	£119.22	£163.92	£192.05	£96.89	£117.21
South West	£91.03	£111.33	£128.36	£154.84	£87.83	£102.58

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Existing Chargors' average rents with the average LHA in the Portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks).

Category	Average Passing Rent	Average LHA	% of LHA	Average Market Rent	% of Market Rent
Extra Care	£96.60	£78.59	122.9%	£96.60	100.0%
GN Affordable Rent	£173.10	£176.00	98.4%	£238.79	72.5%
GN Social Rent	£114.64	£168.27	68.1%	£222.08	51.6%
HOP Affordable Rent	£133.58	£143.84	92.9%	£168.69	79.2%
HOP self-contained	£103.06	£131.06	78.6%	£160.56	64.2%
Supported & shared amenities	£130.12	£77.44	168.0%	£130.12	100.0%
Temporary Accommodation	£179.48	£183.28	97.9%	£208.61	86.0%

We have relied upon the rental information provided by the Existing Chargors.

# 4.4 Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its provisional 2021 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table below and, in our opinion, demonstrate that the rents being charged by the Existing Chargors are affordable.

Region	Average Weekly Earnings	General Needs	As %age	Affordable Rent	As %age	Sheltered & Supported	As %age
South East	£486.16	£119.22	24.5%	£192.05	39.5%	£117.21	24.1%
South West	£430.32	£111.33	25.9%	£154.84	36.0%	£102.58	23.8%

# 4.5 EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

### 4.6 MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the Portfolio.

We have assumed that it will take between 1 and 4 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

The average increases we have modelled per year for houses and flats in each of our valuations range from 14.0% to 22.6% for houses and from 11.1% to 14.4% for flats.

# 4.7 Sales Rates

In accordance with section 1.7, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices in the same areas over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	3.0% - 20.0%	89
Sales rate (flats)	3.0% - 15.0%	62

The above figures equate to 3,751 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

## 4.8 Right to Buy

We anticipate that the tenants of some of the properties within the Portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). The National Housing Federation ("NHF") put an offer to Government in September 2015 in which it proposed the implementation of an extended RTB on a voluntary basis. The Voluntary Right to Buy ("VRtB") was described as a compromise with a view to securing the independence of housing associations and the best deal on compensation (for discounts) and flexibilities (the ability to refuse the VRtB in relation to certain properties).

The Government has funded two regional pilot schemes of VRtB for housing association tenants. The initial pilot scheme in 2016, involved five housing associations and was expected to offer 3,000 tenants the ability to buy their

own home. A second pilot scheme across the Midlands ran for a period of two years from August 2018, aimed at testing two aspects of the voluntary agreement that the initial pilot scheme did not cover, namely:

- one-for-one replacement; and
- portability of discounts.

A full evaluation of the second pilot was published in February 2021. There were 44 housing associations involved in the pilot, resulting in a total of 1,892 homes being sold or sales in the final stages of completion by 30 April 2020. Data on the construction of replacement homes will be updated on an annual basis.

The government will now evaluate new pilot areas and announce more details in due course.

The wider terms of the overall extension of RTB and therefore any consideration of the impact of RTB or RTA on valuations would be speculative. We consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

### 4.9 Outgoings

In forming our opinion of the net rental income generated by the Portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Existing Chargors' stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

### 4.10 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2022 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2022 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.55% of their gross income through bad debts and 1.79% through void losses. The void losses reflect a decrease from 0.61% in the 2021 data whilst bad debts have remained at similar levels over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

The rates we have adopted for bad debts and voids as a percentage of gross income for each of our EUV-SH and MV-T valuations are summarised in the table below:

Category	Units Count	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
Extra Care	7	4.00%	8.0%
GN Affordable Rent	1,885	3.00%	8.0%
GN Social Rent	2,792	2.50%	8.0%
HOP Affordable Rent	9	3.00%	8.0%
HOP self-contained	425	3.00%	8.0%
Supported & shared amenities	2	3.00%	8.0%
Temporary Accommodation	25	3.00%	8.0%

### 4.11 Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Existing Chargors. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2022 Global Accounts, the average cost of management across the sector is £1,112 per unit and the average management cost for the Existing Chargors is £989 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be significantly less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £677 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend around 10% of rental income on management and administration in our valuations on the basis of MV-T.

### 4.12 Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2022 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £2,299 per unit and the average maintenance cost for the Existing Chargors is £1,913 per unit. The Global Accounts average figure for the sector is an increase of 19.8% on the 2021 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an

older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.3 we have had due consideration to the age and construction type for each of the tenure types in our valuations. The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£904
Cyclical repairs	Year 1	£427
Day-to-day repairs	Year 1	£402
Total Average Costs	Year 1	£1,733

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

### 4.13 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.5% and 6.25% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1 to 4 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.50% and 7.75% (rental income), and between 7.50% and 8.25% (sales) for our MV-T cashflows.

# 5 Valuation Commentary - Shared Ownership

# 5.1 Introduction

There are 1,780 shared ownership properties within the Portfolio. The Existing Chargors currently own 56.37% of the equity in the units and a rent is charged on this percentage.

# 5.2 Rental Levels

According to the information provided by the Existing Chargors, the average gross weekly rental level is £87.40 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

### 5.3 Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

### 5.4 Outgoings

In forming an opinion of the net rental income generated by the Portfolio, we have allowed 4.0% of gross rental income for management.

### 5.5 Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

### 5.6 Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, dayto-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

### 5.7 Discount Rate

For our EUV-SH valuations we have adopted a discount rate of 4.25% on the rental income and 7.0% on sales.

### 5.8 Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow models. We have assumed that equity is sold in 25% tranches.

The rates we have adopted in our cashflows are as follows:

Years	Tranche Sales p.a.
Years 0-2	35
Years 3-15	65
Years 16-35	45
Years 36-50	30

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (circa 73.95%) is attributed to the rental income.

# 6 Valuation

# 6.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the Portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this Report.

### 6.2 Asset Value for Loan Security Purposes

Our combined valuation of the 2,099 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

### £232,420,000

### (two hundred and thirty two million, four hundred and twenty thousand pounds)

Our combined valuation of the 4,826 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

### £694,510,000

### (six hundred and ninety four million, five hundred and ten thousand pounds)

For information purposes only, our valuation of all 4,826 properties being valued on the basis of MV-T in this Report, valued on the basis of EUV-SH in aggregate as at the date of valuation, is:

### £463,800,000

### (four hundred and sixty three million, eight hundred thousand pounds)

### **Freehold Properties**

Our valuation of the 1,951 freehold properties that have been valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

### £220,410,000

### (two hundred and twenty million, four hundred and ten thousand pounds)

Our valuation of the 4,760 freehold properties that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

### £685,840,000

### (six hundred and eighty five million, eight hundred and forty thousand pounds)

#### **Leasehold Properties**

Our valuation of the 148 leasehold properties that have been valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

#### £12,010,000

### (twelve million and ten thousand pounds)

Our valuation of the 66 leasehold properties that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

#### £8,670,000

### (eight million, six hundred and seventy thousand pounds)

### 6.3 Asset Value by Existing Chargor

Our valuation in respect of the properties within the Portfolio owned by each Existing Chargor is shown in the following table:

Existing Chargor	Unit Count	EUV-SH is appropriate	Unit Count	MV-ST is appropriate	Total Unit Count	Total
Aster	1,256	£135,380,000	2,723	£400,705,000	3,979	£536,085,000
Synergy	608	£71,290,000	1,238	£184,720,000	1,846	£256,010,000
Aster 3	163	£21,290,000	653	£90,950,000	816	£112,240,000
East Boro	72	£4,465,000	212	£18,130,000	284	£22,595,000
Total	£2,099	£232,425,000	4,826	£694,505,000	£6,925	£926,930,000

# 6.4 Asset Value by Tenure

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
Extra Care	7	MV-T	£310,000	£310,000
GN Affordable Rent	165	EUV-SH	£21,850,000	-
GN Affordable Rent	1,720	MV-T	£233,635,000	£274,995,000
GN Social Rent	87	EUV-SH	£6,860,000	-
GN Social Rent	2,705	MV-T	£205,495,000	£381,825,000
HOP Affordable Rent	9	MV-T	£820,000	£1,740,000
HOP self-contained	67	EUV-SH	£4,060,000	-
HOP self-contained	358	MV-T	£20,170,000	£31,840,000
Supported & shared amenities	2	MV-T	£160,000	£160,000
Temporary Accommodation	25	MV-T	£3,210,000	£3,640,000
Shared Ownership	1,780	EUV-SH	£199,650,000	-
Total	6,925		£696,220,000	£694,510,000

Our valuation of each individual tenure is shown in the following tables:

# 7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

# 7.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- a willing seller;
- that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;
- that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;
- that no account is taken of any additional bid by a prospective purchaser with a special interest;
- that both parties to the transaction had acted knowledgeably, prudently and without compulsion;
- that the property will continue to be let by a body pursuant to delivery of a service for the existing use;
- the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;
- that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and
- that any subsequent sale would be subject to all the same assumptions above."

### 7.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

### 7.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

# 7.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

### 7.5 VAT

Our valuations are exclusive of VAT on disposal.

# 8 Sources of Verification of Information

# 8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the Existing Chargors and we have been unable to verify the accuracy of that data.

# 8.2 Tenure

Unless otherwise stated in this Report, the Existing Chargors hold a freehold interest or long leasehold interest with not less than 80 years unexpired in respect of their properties. We confirm that there will be no material difference in the MV-T and EUV-SH cashflow valuations between these two holding interests.

### 8.3 Title

We have previously reviewed the final Certificate of Title for the Portfolio issued by Trowers and Hamlins LLP and dated 2 September 2019 (and the accompanying reliance and top up letters dated 15 January 2021), 15 January 2021 and 3 October 2022 ("the Certificates") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificate such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificate but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

### 8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report.

### 8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

### 8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily

apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

### 8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

### 8.8 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

# 8.9 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

### 8.10 Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

Our valuation assumes that no invasive vegetation exists within the demise or proximity of any of the properties in the valuation.

# 8.11 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Existing Chargors. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

# 8.12 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

### 8.13 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

# 8.14 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

# 8.15 The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

# 8.16 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

### 8.17 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

### 8.18 Plans and Maps

All plans and maps included in our Report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

# 8.19 Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "*Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021*", effective from 5 April 2021.

Unless otherwise stated in our Report none of the properties are of 18 metres or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

# **Appendix 3**

Market Commentary

The chancellors Autumn Statement attempted to calm the markets, with plans to 'balance the books' following the roll back of Kwarteng's mini budget. Hunt paved the way for £30bn of spending cuts and £25bn of tax rises. The statement, effectively a budget in all but name, saw the OBR confirming that the UK was now in recession, forecasting a 1.4% fall in the UK economy in 2023. Although the Bank of England raised interest rates further to 3%, inflation is proving sticky, reaching a 41 year high of 11.1% in October.

But the Autumn Statement does appear to have calmed the financial markets, with bond yields, swap rates, debt costs, and mortgage rates all falling back in recent weeks. Fixed rates on mortgages, which had exceeded 6% in the aftermath of the mini budget have fallen, with deals now appearing at sub 5%.

For the residential market there were a handful of announcements. Firstly, **stamp duty** cuts, one of the only surviving policies from Kwarteng's time in office were given a deadline. Current rates now ending in March 2025.

**Tax-free allowance for capital gains** will fall 50% in April from £12,300 to £6,150, which means a higher tax bill for owners of second homes and small landlords selling properties.

**Capping of increases in social rent at 7%.** This does not apply to shared ownership, but it is widely accepted that a similar maximum rental increase will be mirrored for these properties too.

**Energy efficiency** was also a major theme. There will be £6bn made available to insulate Britain's housing stock and additional measures and targets for commercial buildings.

Despite sustained rises in the cost of living, lower income households saw some concessions. The National Living Wage will increase by 9.7% to £10.42 in April for workers aged 23 years or older. Most benefits will rise by CPI with the government standing by the triple lock for pensions. But more will pay higher rates of tax, as thresholds were frozen or lowered. Higher earners now paying the top rate of tax (45%) on earnings over £125,000, down from the previous threshold of £150,000.

**The sales market -** As expected, with mortgage rates rising and a fall in the number of mortgage products offered by lenders, buying a home has become more expensive and demand from prospective purchasers has fallen. Latest figures from the RICS suggest new buyer enquiries fell for the sixth consecutive month in October. This is evident UK wide, with new buyer enquiries falling across all regions in both the September and October reports. Respondents were now, on balance, expecting some degree of price falls in the coming year.

Average house prices across the UK rose 9.5% in September 2022, compared with September 2021, with prices 26% higher than they were pre-pandemic (September 2019 vs September 2022). Regionally annual price growth ranged from 5.8% in the North East to 13% in Wales. In London prices rose 6.9% in the year to September 2022. The number of days to sell rose to 40 in October, up from a low of 31 days in April and 36 days at the same point a year ago.

**The Rental Market** - An undersupply of rental homes on the market alongside strong demand continues to fuel a rise in rents. The RICS survey reported a net balance of +46% of respondents reporting a rise in tenant demand, whereas new landlord instructions fell again in October.

Latest figures from Homelet show average UK rents rose 10.6% in the 12 months to October, with all UK regions recording annual increase in achieved rents, from a 6.0% increase in North East to 15.2% in Scotland. These figures are mirrored by the latest Rightmove asking rents, with rents 11% higher nationally in Q3 2022 and up 16% in London.

**Forecasts** - Lessons learnt from the global financial crisis mean the UK housing market is in a stronger position, with households more equity rich and stress tested for higher rates. But there is no denying that 2023 looks to be challenging for those looking to transact. JLL forecasts that transaction volumes will fall 30% next year but for house prices we will see a correction rather than a crash.

On 2 November Monetary Policy Committee (MPC) increased the base rate by 0.75 percentage points to 3%. And inflation remains significantly higher than the 2% target, reaching 11.1% in October. But there are signs that upward pressure on rates is weakening. The pound rose against the dollar, and gilt yields fell, reducing the pressure on inflation and justifying Bank of England Governor Andrew Bailey's insistence that base rates will not have to hit the levels markets have been pricing in. The Bank expect inflation will fall back in 2023 to below the 2% target threshold in early to mid-2024.

JLL Residential Forecasts, released in early November, expect that a combination of higher rates, poorer market sentiment and the cost-of-living squeeze will mean prices and activity levels fall across the UK housing market in 2023. JLL are forecasting the number of sales nationally will drop to circa. 1 million transactions in 2023. Prices are expected to fall UK wide by 6% in 2023 before recovering in late 2024, as interest rates fall back and inflation is contained.

But safeguards put in place following the global financial crisis will act as a buffer against double digits falls some are predicting (worth noting in most instances as a worst-case scenario). JLL do not expect all areas will see price falls next year. The outlook for the UK's city centres is much stronger with house prices still expected to grow in the centre of many of the UK's largest cities, underpinned by high demand and a relative lack of stock. Demand has significantly outstripped housing supply in the period since Covid-19, as students and young professionals have looked to return to the UK's major cities. We expect this to continue, coupled with a rise in demand for energy efficient new build city centre homes as renters look at ways to minimise their energy bills.

With Help to Buy registrations closing at the end of October we were already expecting the number of prospective firsttime buyers would fall next year. The increase in rates means we anticipate further falls. This will, we expect, create further demand for rental properties and support growth in rents of 4% in 2023 and a total of 15.9% between 2023 and 2027.
